

## Joint Meeting Dinner and Lecture ADSL & ADCP

To be held at Savile Club, 69 Brook Street, London W1K 4ER  
**Friday 26<sup>th</sup> January 2024** at 6:30pm for 7:00pm. Dress Code: Business Formal

## Dr Guillaume Jouanny

The ADSL is delighted to welcome the ADCP and bringing the guest speaker

President Elect Dr Guillaume Jouanny who is an outstanding International lecturer and a brilliant Endodontist to the joint meeting at the Savile club.

He will be presenting on

### **Diagnosis and Clinical Management of External Cervical Root Resorption**

#### **Abstract:**

Pathological root resorptions of permanent teeth are due to an inflammatory destruction of mineralized dental tissues. There are several forms of pathological resorptions, often confused, misdiagnosed and incorrectly managed.

This presentation will describe the biological mechanisms, the diagnosis and the clinical management of the most common root resorptions : external cervical invasive resorptions.

**Please see registration information below**
